

## PROJECT EXPERIENCE

# WEST PLANO ESTATES & HUNTERS GLEN PHASE I - WATER & PAVEMENT REHABILITATION

PLANO, TEXAS

**COMPLETED:**  
2018

**CLIENT:**  
City of Plano

**RLG SERVICES:**  
Civil Engineering  
Survey

### PROJECT DESCRIPTION / SCOPE:

RLG provided the engineering design services for the replacement of approximately 18,720 linear feet of 8" and 6" water lines along 12 residential and collector streets in the West Plano Estates and Hunters Glen subdivisions. Proposed improvements also included the removal and replacement of several sections of existing roadway and the replacement/addition of ADA ramps. Additional tasks included performing surveying services, developing traffic control plans, bidding assistance and construction administration.
